# HOW WE WORK WITH YOU

TO CREATE AN AMAZING CONFERENCE

## BALANCE TECH, SUPPORT & TRAINING

Our sales team will help you build a package that balances platform features with the amount of support your team will need for the conference.

## CONFERENCE BUILD OUT

Utilize our training webinars, office hours, and white glove services to efficiently build out your conference programming.

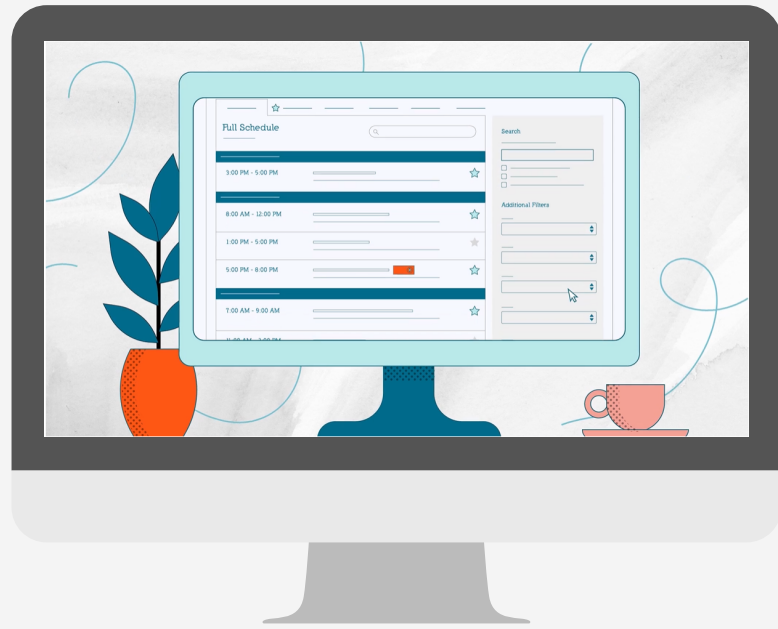

## DAY OF CONFERENCE SUPPORT

Our day of support is your technical back stop during the conference.

Our conference moderators can support attendee questions through chat, and barge into presentations to solve last minute issues.
